Welcome to Conroe Independent School District. We are here to help in any way that we can so if you have any difficulty using this system, please contact the campus your child will be attending for assistance. We hope that you will find this process easier than filling out paper forms.

To get started open an internet browser, and enter https://enrollment.conroeisd.net/EO_Parent in the address bar or go to www.conroeisd.net, select your school from the schools tab and then pick the Online Enrollment link on the left hand side. Here is the screen you will see

The screenshot shows the top header of the website. On the left is the Conroe Independent School District logo, which includes a red apple icon and the text "CONROE INDEPENDENT SCHOOL DISTRICT Committed to Excellence". If you have your child's social security number, please enter it here. The State of Texas uses the child's social security number for all state based testing and reporting.

By federal law, you are required to enter both Ethnicity and Race information. These designations are from the Department of Education, not Conroe ISD. For entering Race information, you can select multiple races. Hold down the CTRL key on your keyboard while clicking the desired races with the mouse.

Student address information will default from the address information entered on the account creation but can be changed if necessary.

In the Additional Information section, you will find many questions; Conroe ISD is attempting to eliminate paper forms. Many of our forms have been replaced with the questions in this section. The length of the field name you see to the right is limited by our software vendor. To get a complete description of the data requested, you can hover your mouse over the data entry field and a help tip will pop up that will give more complete information. Here is an example of the help tip for the first field.
